My choice is informed by my recent experience of being a newly born again Christian during a vacation to my home country of Ghana. With a history of being an advocate and promoter of African Traditional Religion, idols and spirituality both in Ghana and in the United States, my new status and relationship with the Lord Jesus is a special gift of hope for myself, my family, my community, my home country, my adopted country and the world. My choice is also based on an order through the Holy Spirit to relocate to Las Vegas to make Him a Super Star through my teaching in the arts and living in His Word which the Mission Statement, Statement of Faith and the School's Core Values places emphasis on.

Please describe how you came to know Jesus Christ as your personal Savior?

I have been a promoter of African idols and African Traditional religion and spirituality for over 20 years both in Africa and in the United States. During those years, I traveled all over Ghana and other places looking for spiritual powers for protection and for success in my life.

Through these travelings, I met and befriended many top Ghanaian African religious spiritual masters who gave me all sorts of talismans and traditional religious accessories for "protection". With most of the traditional priests I met and befriended being illiterates or having little formal education, I set it upon myself to promote African Traditional Religion through writing articles, regular and online radio programming and organizing of festivals for them. The climax of my activities which can take years to narrate was organizing and hosting the first International Conference for African Traditional Priests in the Ashanti regional capital of Ghana, the seat of the famous King of the Asantes, the Asantehene. My guest of honor during the conference was the Asantehene's chief fetish priest.

Worthy of note is my association with an African -American lady who had trained as an African Traditional Priest in New York who became my live-in partner. I therefore, became the automatic spokesperson, linguist, master musician, teacher of authentic African culture to the adherents in New York. Meanwhile, while helping to promote African Traditional Religion ( ATR), problems never stopped following me. Even though I was fully employed in NYC, I could not make ends meet and was totally dependent on my ATR priest live- in partner. A tragedy happened in my family when in 2015 when I had gone to Ghana to bury my mother who had died about 7 months before and was preserved in a morgue that while; on the day of her wake keeping ceremony, my junior brother also passed

away. I nearly died out of shock. These events made me start asking questions about what was going on and my life's purpose. The following year, I went to Ghana to celebrate one year anniversary of the passing of my brother and mother and some terrible incident happened. My story is such a long one that has to be told with enough time to the whole world about the powerless nature of these idols. I visited Ghana once again this year to take care of pressing family issues. A friend was going to church one Sunday so I asked her to pray for me during their service. She did and the next day she received a call from her pastor who specifically asked of me to come. When I got there, she gave me a 21 days of prayer points which all reflected my life even though I had not told her anything about my life. I was shocked but was hopeful. My spiritual mother now, Evangelist Favor, whom the Holy Spirits gives special messages for highly ministers of God, has been taking me through Bible studies and other inspirational messages with powerful prayer points. All the ATR articles of faith I had acquired had been burnt and I received my water baptism recently. The most challenging aspect of my new status is the order by the Holy Spirit to leave my current employment and residential state of New York to Las Vegas with a commission to reach out to the Youth and Children with my message.

How is the Christian School a distinctively different educational experience than a secular private school and/or a public school?

The Christian school's goal is prepare and graduate students who make Jesus Christ the center of their life. Teaching about God's way in the Will of Christ and knowing the Holy Spirit and their way of life to become Christlike. In all other schools, no detailed religious discussion and teaching takes place because of intentionally provision in the constitution on public education.

Describe how you would instill the Core Values of MVCS (found on page three of this application) into the classroom.

By incorporating the values in Lessons, being a role model in and out of the classroom and through making connections to real life situations.

Define authority and describe how it impacts classroom discipline.

The ultimate authority in a Christian school is a Christ centered way of life guarded by the word of God. This is expressed visibly through the school's rules and regulations which teachers, administration staff and parents encourage the students to respect. By incorporating of the rules of Biblical values enshrined in the school's handbook and applied in the classroom, students are encouraged and guided to live responsible Christ-centered lifestyle worthy of being valued citizens

Describe the inherent nature of a person, and their purpose in life?

It depends on the individual but in the Christian global world, all believers know that by the birth, death, burial, resurrection and ascension of Jesus Christ, we get special gift of great access to follow His footsteps so that we can be like Him through the gift of the Holy Spirit.

Describe your spiritual gifts and how you can improve to maximize their effectiveness

Gift of Teaching. By depending on the Holy Spirit for Insights as a newly born again person , He leads me to get the reality of it as an effective teacher inside and outside the classroom.

What do you believe about the origin of the earth and mankind?

I believe that God created the heavens and the earth and all of mankind.

Please summarize any additional information that you would like to present

My relocating to Las Vegas is heeding to an order by the Holy Spirit given through Evangelist Favor Bruce in Ghana ( became born again through her) to leave New York. After denouncing all the African idols and gods, burning all the articles of faith and accessories that I had, it is not reasonable for me to go back to the devil's den again. Hence, my resignation from my job in NYC and preparing to move to Las Vegas to heed to God's call. And I know and trust in His Word that the Holy Spirit who has ordered me will show His mercies.
